 - 1.3 Adding a Feed

The Feed Reader widget is installed by default for the primary staff user, but may need to be installed for additional staff or for add-on companies.

Installing Feed Reader

1. Visit [Settings] > [Company] > [Plugins] > Available.
2. Click the "Install" button within the Feed Reader plugin listing.
3. To enable the widget, go to [Home] > [Dashboard], click the "Manage Widgets" link, and drag the widget from the right side, to the left.

The Widget

Once installed, the widget will look something like this:

Managing Feeds

To manage the feeds, click the cog/gear icon in the upper right of the window decorations. The overview will be displayed. From this screen, existing feeds may be "Refreshed", or "Removed".
