

Removing Branding

Table of Contents

- 1 Branding
 - 1.1 Client Area
 - 1.2 Admin Area

Removing Branding

Please note that branding should be removed from unbranded licenses only. Removing branding from a branded license is in violation of the licensing agreement. It is also a violation of the license agreement to claim copyright of the software.

Branding

Client Area

To remove client area branding, edit the file `app/views/client/bootstrap/structure.pdt` and look toward the bottom of the file for a line that starts with "**<p>Powered by**" and remove the line.

                    <h4 class="global_modal_title"></h4>
```

Admin Area

It's usually not necessary to remove the branding in the admin area as no clients will see it. However, to remove admin area branding, edit the file `app/views/admin/default/structure.pdt` and look toward the bottom of the file for a line that begins with "**Blesta © 2007-**" and edit as desired.
