- 3 Common Problems

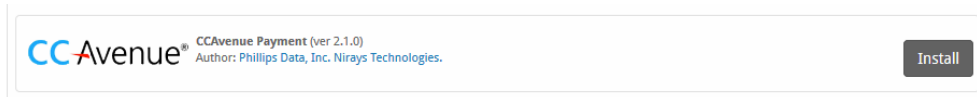

This gateway requires Blesta 3.1.0 or greater. Additionally, we recommend ensuring that mcrypt is enabled (libmcrypt PHP extension) to support data encryption for this payment gateway.

About CCAvenue

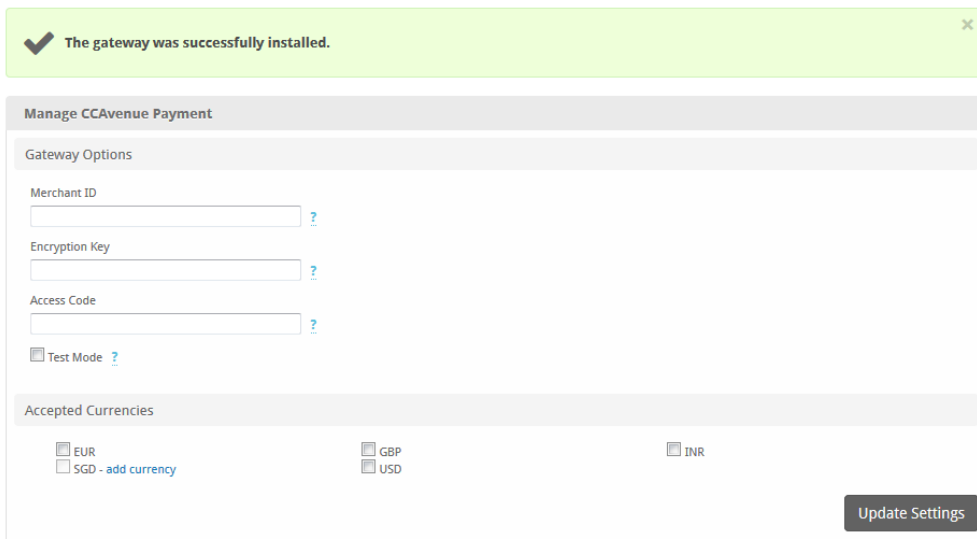

CCAvenue is an innovative and advanced payment gateway. Learn more about CCAvenue on their website at <https://www.ccavenue.com/>.

Installing CCAvenue

To install the CCAvenue payment gateway, visit [Settings] > [Company] > [Payment Gateways] > Available, and click the "Install" button for CCAvenue.

A message will be displayed, indicating that the payment gateway was successfully installed.

Enter the details provided by CCAvenue.
