

Portal/CMS

Table of Contents

- 1 Installing Portal
- 2 Changing the Portal
 - 2.1 Index Template
 - 2.2 Tags
- 3 Default Portal Markup

The Portal plugin is installed by default, but may need to be installed for addon companies.

Installing Portal

1. Visit [Settings] > [Company] > [Plugins] > Available.
2. Click the "Install" button within the Portal plugin listing.

Changing the Portal

To change the portal content, visit [Settings] > [Company] > Plugins and click the "Manage" button for the Portal plugin. As of 5.5, portal content can be defined in multiple languages.

Portal

English, US

Español, ES

Index Page Title

Client Portal

Available Tags

{base_url} {blesta_url} {admin_url} {client_url} {plugins}

Index Page Content

<div class="col-md-12">
<div class="thanks">
<blockquote>
<h4>Thank you for installing Blesta!</h4>
<p>This is your client portal page, and you may wish to link here from your website. This message can be removed through the staff area under Settings > Plugins > Portal:
Manage.</p>
<p>

You may log into the staff area at {admin_url}login.
Clients may login to the client area at {client_url}login.

</p>
<p>We hope you enjoy using Blesta! For help, please see the documentation or visit us on our forums.</p>
</blockquote>
</div>

Update Page

Index Template

The plugin comes default with one page, the index page. This is the page displayed when visiting the location of your Blesta installation within your browser.

Tags

The index page supports the following tags:

Tags	Description	Notes
{base_url}	This is the company hostname	e.g. https://yourdomain.com/
{blesta_url}	This is the URL to your Blesta installation	e.g. https://yourdomain.com/billing/
{admin_url}	This is the URL to the admin interface of your Blesta installation	e.g. https://yourdomain.com/billing/admin/
{client_url}	This is the URL to the client interface of your Blesta installation	e.g. https://yourdomain.com/billing/client/
{plugins}	This is an array of installed plugins with several other properties	This tag should not be used directly. Only use properties of this tag, e.g. "{plugins.billing_overview.name}"

The {plugins} tag contains a list of installed plugins where each key in the array is the plugin directory of a unique plugin installed for this company, such as "billing_overview", "feed_reader", "download_manager", etc.

The following is a dump detailing the structure of the fields the {plugins} tag may contain:

{plugins} contents

```
Array
(
    [billing_overview] => stdClass Object
        (
            [id] => 13
            [dir] => billing_overview
            [company_id] => 1
            [name] => Billing at a Glance
            [version] => 1.0.0
            [installed_version] => 1.0.0
            [authors] => Array
                (
                    [0] => Array
                        (
                            [name] => Phillips Data, Inc.
                            [url] => http://www.blesta.com
                        )
                )
            [logo] => /plugins/billing_overview/views/default/images/logo.png
            [installed] => 1
            [manageable] =>
        )
    [feed_reader] => stdClass Object
        (
            [id] => 56
            [dir] => feed_reader
            [company_id] => 1
            [name] => Feed Reader
            [version] => 1.0.1
            [installed_version] => 1.0.0
            [authors] => Array
                (
                    [0] => Array
                        (
                            [name] => Phillips Data, Inc.
                            [url] => http://www.blesta.com
                        )
                )
            [logo] => /plugins/feed_reader/views/default/images/logo.png
            [installed] => 1
            [manageable] => 1
        )
)
```

Default Portal Markup

If you need to restore the default HTML that is included for the portal, you can copy/paste it from below to Settings > Company > Plugins > Portal: Manage

Portal Code

```
<div class="col-md-12">
    <div class="thanks">
        <blockquote>
            <h4>Thank you for installing Blesta!</h4>
            <p>This is your client portal page, and you may wish to link here from your website. This
message can be removed through the staff area under Settings > Plugins > Portal: Manage.</p>
            <p>
                <ul>
                    <li>You may log into the staff area at <a href="{admin_url}">{admin_url}login/</a>.</li>
                    <li>Clients may login to the client area at <a href="{client_url}">{client_url}login/<
/a>.</li>
                </ul>
            </p>
            <p>We hope you enjoy using Blesta! For help, please see the <a href="http://docs.blesta.com"
